

## Research Associate – Wear and Corrosion Resistant Coatings on Steel

Ulster University - School of Engineering

<b>Location:</b>	Newtownabbey	<b>Placed on:</b>	28th November 2017
<b>Salary:</b>	£27,300 to £30,705	<b>Closes:</b>	29th December 2017
<b>Hours:</b>	Full Time	<b>Job Ref:</b>	1701444
<b>Contract Type:</b>	Permanent		

**Campus:** Jordanstown

The postholder will grow protective graphene-based coatings on steel surfaces using chemical vapour deposition approaches, characterise the coatings and assess their wear and corrosion behaviour. (Fixed term for one year).

This project is funded by Invest NI

We prefer to issue and receive applications via our on-line recruitment website at [www.ulster.ac.uk/jobs](http://www.ulster.ac.uk/jobs)

Hard copy applications can be obtained by telephoning [028 7012 4072](tel:02870124072)

The University is an equal opportunities employer and welcomes applicants from all sections of the community, particularly from those with disabilities. Appointment will be made on merit.

**Closing date:** 29 December '17
