

XXXVII

Panhellenic Conference on Solid State Physics & Materials Science

17-20.9.2023
Thessaloniki- Greece

- Nanoscopy, nanostructure, and nanomechanics
- Computational materials science
- Soft matter, polymers & composites
- Low-dimensional materials, quantum materials & quasi-particles
- Functional materials & nanotechnology
- Metals & ceramics
- Organic & inorganic semiconductors, micro/nano-electronics, optoelectronics & photonics
- Materials for energy & sustainability
- Magnetism & strongly correlated systems
- Materials synthesis, growth & fabrication processes
- Biomaterials, pharmaceuticals & natural materials
- Interdisciplinary condensed-matter physics

Scope

The conference is held on a rotational annual basis bringing together senior and young scientists working in the fields of Condensed Matter and Materials and providing a forum for the discussion of current experimental and theoretical issues. It attracts scientists coming from the fields of physics, chemistry, and materials science & engineering, working in the academia, research institutions, and industry in Greece and abroad.

Important deadlines

Abstract submission: 31.5.2023

Early bird registration: 15.7.2023

Official Language: English

Venue: Aristotle University Research
Dissemination Center (ΚΕΔΕΑ)

Chair: Prof. G. Dimitrakopoulos

Vice Chair: Assist. Prof A. Laskarakis

web: fsk37.physics.auth.gr

e-mail: fsk37@physics.auth.gr
