

Stakeholder Meeting & Workshop

"Development of Organic Electronics Industry in Greece-I"

Monday, 21 November 2011

Electra Palace Hotel, Thessaloniki, Greece

09:30	Welcome and Opening Remarks
Outlook for the Greek & European Organic Electronics Sector I	
10:00	"RTD activities in Organic Electronics in Central Makedonia" Prof. S. Logothetidis, LTFN, AUTH, Greece
10:30	"Organic Electronics in Patra Area: RTD & spin-off activities" Prof. I. Kallitsis, University of Patras, Greece
11:00	"Activities of the Energy Campus Nürnberg" Dr. J. Hauch, Managing director, Energie Campus Nürnberg, Germany
11:30	Coffee Break
Applications & Processes of Organic Electronics	
12:00	"OEs for Energy: Organic Photovoltaics in Germany" Dr. K. Fostiropoulos, Helmholtz-Zentrum Berlin, Germany
12:30	"Processes for the production of Organic Electronics" Dr. N. Meyer, AIXTRON, Germany
13:00	"Lithography for R2R process for OEs production" Dr. N. Kehagias, ICN, Barcelona, Spain
13:30	Lunch break
Commercialization & Industrialization opportunities for Organic Electronics	
14:50	"Technology into final textile and fashion products" Mr. A. Kalantzis, Mrs. S. Pavlidou, Clothing Textile & Fibre Technology Development Company, Greece
15:10	"Industry perspective on organic electronics" Mr. V. Thomaidis, Compucon, Greece
15:30	"Enterprises perspectives on Organic Electronics" Mr. P. Soukoulis, Prisma Electronics, Greece
15:50	"Novel Enterprises for Organic Electronics and their Benefits for the Region" Dr P. Giannoulis, INTECS, Germany
16:20	"Potential Innovation Cluster for the Development of OEs Industry in Greece" Prof. S. Logothetidis, LTFN, AUTH, Greece
16:35	Panel Discussion
18:00	End of Workshop
