

# XXXI Panhellenic Conference on SOLID STATE PHYSICS & MATERIALS SCIENCE

Thessaloniki, 20-23 September 2015

[xxxi.physics.auth.gr](http://xxxi.physics.auth.gr)

[xxxi@physics.auth.gr](mailto:xxxi@physics.auth.gr)

## Scope

This annually held conference in English is inviting Greek and foreign scientists to interact in the fields of Solid State Physics and Materials Science.

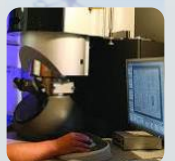

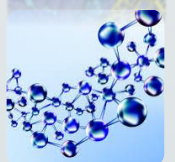

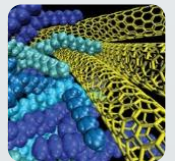

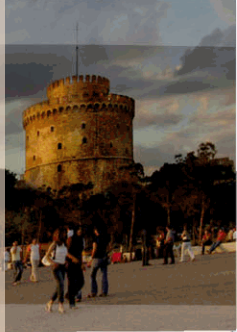

More than 200 scientists in the fields of Physics, Engineering and Materials' Science spread out in Europe and US are participating and give this conference the thrive to continue for more than 30 years.

An important task of the conference is to encourage and promote interaction among senior and junior scientists from the academia and research institutions.

To encourage young students' participation three awards will be given for high quality work based on young scientists' presentations.

## Topics

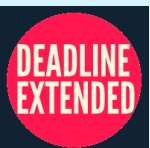

- Photonics & optoelectronics
- Structural, mechanical & optical properties of condensed matter
- Electronic transport, semiconductors & devices
- Magnetism & superconductivity
- Nanoscale & surface science
- Inhomogeneous & disordered materials, polymers & biomaterials
- Cultural heritage materials & interdisciplinary physics

The XXXI conference  
will be hosted at the  
Porto Palace Hotel

Organized by  
Department of Physics  
Aristotle University of  
Thessaloniki

Abstract submission: June 22, 2015
