Dear Prof. Ariadni Stogiannidou,

Greetings from Beihang University!

We are very pleased to announce that the application process for 2016 Chinese Government Scholarships (CGSP) has now begun.

Chinese Government Scholarships have been provided annually by the Chinese Government to support overseas students who wish to pursue their full time Degree studies in China since as early as the 1950's. Beihang University is among a very selected group of Chinese universities that are authorized to select and admit students by themselves for this programme.

These CGSP scholarships we at Beihang University have to offer are **full scholarships** covering tuition fees, accommodation, living allowance and medical insurance in China. We would like to point out that while many considering taking up studies in China worry about the language barrier, students should not consider this as a problem. All courses at Beihang University at postgraduate level can be given in English.

As your prestigious university is one of our most valued partners, we would like to offer a total of **2** scholarships to students officially nominated by your university. Applications are required to be sent **before March 25, 2016** to the International School, Beihang University by post and at the same time a list of recommended candidates is required to be emailed to international@buaa.edu.cn by home university.

Should you have any questions regarding this scholarship programme, please do not hesitate to contact:
